ST. MICHAEL'S CEMETERY RECORDS

This index is an alphabetical list of all personal names, cities, and tombstone inscriptions listed in this cemetery record. For purposes of the index, such terms as "Rev.", "Dr.", and "Mrs." were usually dropped.

In instances where it was clear that the full female name included both maiden and married names, the name has been entered under both maiden and married name. The index also includes countries of nativity if such was included on the tombstone or in the obituary.

Indications of military service or fraternal organizations were also added. A list of Confederate Veterans, other war participants, and fraternal organizations are listed on a separate page.
